DETAILED ACTION

1. This application claims benefit of the provisional application: 60/282,630 with a filing date 04/09/2001.
2. Amendment of claim 1 and cancellation of claims 5-9 and 16-34, and a filed terminal disclaimer in the amendment filed on May 31, 2005, is acknowledged. Claims 1-4 and 10-15 are pending in the application.

Responses to Amendment

3. Since claims 5-9 have been cancelled, therefore, rejection of claims 5-9 under 35 U.S.C. 112, first paragraph, is obviated herein.
4. Since the terminal disclaimer has been filed and approved in the Office, therefore, rejection of claims 1-4 and 10-15 under obviousness-type double patenting over Sun et al. US 6,797,725, has been overcome in the amendment filed on May 31, 2005. Since claims 5-9 have been cancelled, therefore, rejection of claims 5-9 under obviousness-type double patenting, is obviated herein.

EXAMINER'S AMENDMENT

5. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's

amendment was given in a telephone interview with Ye Hua on July 26, 2005. The application has been amended as follows:

Delete claims **3-4**

Reasons for Allowance

6. The following is an examiner's statement of reasons for allowance:

Claims 1-2 and 10-15 are neither anticipated nor rendered obvious over the art of record, and therefore are allowable. This invention relates to prodrug of 3-(pyrrol-2-ylmethylidene)-2-indolinone derivatives. The closest reference is Sun et al. US 6,797,725, which is the parent case of instant application, discloses prodrug of 3-(pyrrol-2-ylmethylidene)-2-indolinone derivatives. The difference between Sun et al. and instant claims is that the variable R^5 of formula (I) is different. Suggestion for modification of above record to obtain the instant claimed compounds has not been found. Claims 1-2 and 10-15 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
